Ask most owners their show rate and they'll say 80%.

Ricky Jones

Then you pull it from the CRM and it’s 65% to 70%. Owners usually quote a number 10 to 15 points higher than the data.

Ricky Jones

That gap matters because you make decisions on the wrong number. At 80%, you leave the funnel alone. At 65%, it’s the first thing to look at.

Open your CRM. Count the calls that were booked and the calls that actually happened over the last 30 days. Divide. Use that number, not the one in your head.
