Most stalled businesses have a bottleneck in one of three places: show rate, lead quality, or close rate.

Check them in that order.

Ricky Jones

On cold traffic, fix a show rate under about 55% first.

If your close rate is under 25%, look upstream before you blame anyone.

Usually, trust wasn’t built before the call. The closer starts at zero and has to educate, build trust, and collect payment in a single conversation.

Ricky Jones

One coach went from an 18% close rate to 27% without changing the closer or the script.

What changed was the system in front of the call.
